### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or fairly suggest heating the film to bond the layers together using in series conductive heating means and radiant heating means, then stretching the film after it is cooled. While Van Cappallen discloses conductive and then radiant heating, it occurs during a stretching process, and since the stretching occurs after the bonding in the claims, it would not have been obvious to use the conductive and radiant heating of Van Cappallen prior to the stretching process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Barbara J. Musser whose telephone number is (571) 272-1222. The examiner can normally be reached on Monday-Thursday; alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Crispino can be reached on (571)-272-1226. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
